Dear Ellen and Friends,

What I'm about to share with you is probably one of the most magical stories you've ever heard. I never believed before that someone who passed away could influence the world after passing, but this is NOT the first such experience I've had like this with Robin.

I promise every bit of it is true.

In January of 2015 I was trying to find my voice to create TipsFromSurvivors after brutally losing my home. I was betting that Robin William's legacy mattered in doing so.

In one of the largest fan groups on Facebook for Robin, I proposed celebrating "Global Belly Laugh Day" on January 24th to bring up the vibration from mourning his loss to celebrating him by sharing anything funny.

Without much forethought I began narrating Jumanji in writing, line by line of the ENTIRE movie.

At the point in the movie where Robin's character got sucked into the board game, Facebook went down and the biggest storm since 1888 was hitting the east coast, with the eye of the storm on Hartford, CT.

That is the headquarters of the company, The Hartford Insurance Company, that almost deliberately killed me because they valued profit more than my life.

An odd thing about this is that the person who told me that Facebook went down was an accountant for them. (Note her post on <u>January 26th at 11:11pm!</u>)

This all seemed so surreal and I wondered why it happened on THIS day, as I've had another major event related to Robin that had a significant date... and that was the Valley Fire.

It was this week that I realized the day that Robin's character got sucked into my real life version of Jumanji also happens to be Ellen's birthday.....
January 26th!

100% true.... I saved the evidence.

OMG.... Hold the phone... what? ok....

I went to look for the evidence. The cartoon about Robin rolling a 5 or 8 to get out of the jungle was originally shared by Ananda (This person is a delightful soul. I honestly believe her to be She's a "gamer" and has this set to "CUSTOM" audience.)

The original post came from Dory.

Yes!! Dory on Twitter. Are you freaking kidding me? The magic never ends.

PART 0 THE ADVENTURE BEGINS!!!!! (Robin's Childhood)

"Adventurers BEWARE. Do not begin unless you intend TO FINISH. The exciting consequences of the game will vanish only when a player has reached JUMANJI and called out it's name."

What will surprise you, if you had not considered it before, is that this story is an adaptation of Robin's childhood.

This is a long chapter. It sets the CONTEXT for the rest of the story. (Everything below this point is the same for ALL chapters.)

~~~~ JUMANJI ~~~ IIII

Teaches children (and adults) about

- 1) the value of teamwork
- 2) facing your fears, and
- 3) to appreciate the people who share your journey.

No matter what anybody tells you

WORD AND IDEAS ( ( ( DO ) ) ) CHANGE THE WORLD

RULES OF JUMANJI ~\*~\*~\*~\*~\*~\*

**Ananda Collins** 

This sweet soul shared this post the day before I began sharing the story of Jumanii, line by line... literally. Thousands of slides.

It is my sincere belief that this person is dear to Robin. I believe this to be an alt identity. This girl is super cool!!

AND look at the account it was shared from.....Dory! (haha!)
